SUMMARY

Financial Technology student at Republic Polytechnic with an IT background and experience in website maintenance, technical troubleshooting and client support. Through these experiences, I have developed problem solving skills and learned to adapt to different technical needs in a professional working environment. I am interested in how technology is used in digital banking, payment systems and financial services. I am seeking a FinTech internship where I can apply my technical knowledge, gain practical industry experience and learn how technology is used to improve financial services.
